

FURNISHING DIGNITY

MISSION

Affon has the greatest thing planned for itself and its customers. Our aim is

- To become a leading furniture brand that provides affordable furniture and interiors
- To stylise the current furniture design and trends
- To manufacture the best furniture pieces that are durable

VISION

We envision to grow our brand and make it a well known furniture house all over India. The coming 10 years is crucial for Affon to establish stronger connections with new clients. Affon has set a target of turnover for the coming years.

GET TO KNOW US

It all started as a mission driven by faith, when some young minds saw a great future in furniture brands. In 2014, Affon started its expedition of authenticity, simplicity and impeccable craftsmanship. We believe in good designs and deliver the same. Affon has witnessed the evolution of furniture and has lived through it. For years, we have been creating timeless, sustainable furniture using modern technology. Craftsmanship and enduring design are at the core of our brand, and the simplicity of our pieces comes from the constant drive for innovation. Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflects our design values. The Affon brand is sold through an extensive network of retailers. Our collections can be found in the most diverse interiors, where they age beautifully as the years go by. We have a keen eye for details when it comes to bringing in raw materials and manufacturing every piece. As a brand that needs to be updated every now and then, Affon enjoys the freedom of design by incorporating classical and contemporary artistry. For us, the requirements of our clients and customers weigh more than anything.

AFFON

IT ALL STARTS WITH A NEED, YOURS.

We need the solution to look and function gracefully. Our wide range of storage solutions offers a great flexibility, look and quality that you can count on.
